

Commonwealth Solar Hot Water Program

Massachusetts Manufacturers

An additional rebate of \$200 is available if the installed system has eligible Massachusetts manufactured components. To qualify, the Applicant must provide evidence that the solar hot water system uses components from one of the following currently qualified companies:

- HTP, Inc.
- Vaughn Corp.
- Heat-Flo, Inc.
- SunDrum Solar, LLC
- Stiebel Eltron

All equipment must apply by Commonwealth Solar Hot Water Program System Requirements.

If you are a MA manufacturer and would like to be added to this list, please contact solarhotwater@masscec.com.
