Green School Works Technical Assistance Services Enrollment Form

Overview

MassCEC is seeking eligible public K-12 schools, districts, and educational collaboratives in Massachusetts (“Potential Participants”) for Green School Works: Technical Assistance Services ("Program") that are looking for support for capital planning that focuses on modern, energy efficient school buildings and facilities. The services will provide Participants with information on incentives and funding opportunities available for investing in energy efficient and fossil fuel free technologies and infrastructure.

To enroll, please complete this form. This online enrollment form includes questions about the potential Participant and their requested technical assistance services. Enrollment form progress will be saved automatically, so that the form can be completed over multiple sessions. A PDF version of the enrollment form is available for reference on the program webpage. Enrollment forms will be accepted on a rolling basis. However, potential Participants are encouraged to enroll early, as funding is limited. MassCEC will review enrollment forms as they come in and notify potential Participants via email if they are enrolled within six (6) weeks of their enrollment form submission.

For more information about Green School Works: Technical Assistance Services, please visit the Green School Works: Technical Assistance Services webpage. Questions concerning the program can be submitted via email to greenschools@masscec.com. All inquiries should include "GSW TA enrollment" in the subject line.
Note: If your school district or educational collaborative is enrolling for more than one technical assistance service, please submit one enrollment form per project site (if enrolling for a Portfolio Decarbonization Roadmap, submit just a single enrollment).
For the purposes of enrollment, the representative completing this form will be considered the main point of contact for the project.

Contact Information

School District or Educational Collaborative Name *

Primary Contact Name *

Project Site Utility Information

Which technical assistance service are you enrolling for? *

- ◯ Comprehensive Building Assessment (CBA)
- ◯ Portfolio Decarbonization Roadmap*
- ◯ Focused Study
- ◯ Green School Works Renewables (Solar Plus Storage and Massachusetts Class 1 REC Analysis)
- ◯ Green School Works Ground Source Heat Pump (GSHP) Feasibility
- ◯ Other: Participant proposed scope

Technical Assistance Request

*Note: Because of the relatively high cost of a Portfolio Decarbonization Roadmap and the effort required by the participant, enrollment requests will be considered on a case-by-case basis and approved at the sole discretion of MassCEC.
Both Mass Save-eligible and non-Mass Save-eligible schools and districts can enroll with Green School Works to receive these services. Green School Works funding cannot be used to study solutions to add new fossil fuel technologies or infrastructure.

If applicable, have you started working with Mass Save on this technical assistance request? Please note, MassCEC expects all Mass Save-eligible schools to take advantage of Mass Save funding. *

- ◯ Yes.
- ◯ No.
- ◯ Not yet, but I plan to.
- ◯ I'm not sure if my school(s) is Mass Save-eligible.
- ◯ Not applicable.

Have you decided which technical assistance vendor you would like to work with? *

- ◯ Yes
- ◯ No

Please select the vendor you would like to work with *

Please Select

If other, please specify. *

How many buildings are included in the Project Site? *

Project Site Details - Building 1

Have you previously received a decarbonization plan or a CBA for any of the buildings at the project site? If yes, please describe below. Be sure to include whether it was provided by Mass Save and the name of the engineering firm involved. *

- ○ No
- ○ Other

Is there anything else about your project site or project that you would like us to know?

Instructions: If the proposed project will serve multiple different schools/sites, please complete project site information for each school or building.

Name of School or Building *

Who is your electric utility provider? *

- ○ Eversource Energy
- ○ National Grid
- ○ Unitil
- ○ Municipal Light Plant (MLP)

Who is your electric Municipal Light Plant provider? *

Please Select

What is the primary heating fuel for your project site? *

- ☐ Gas
- ☐ Oil

Propane

- [ ] Electric resistance
- [ ] Air-source heat pump
- [ ] Ground-source heat pump
- [ ] Other

Who is your gas utility provider? *

Please Select

Please select the option that applies to the school, district, or collaborative. *

- ○ Public Municipal
- ○ Charter Public
- ○ Educational collaborative
- ○ Career/Technical
- ○ Regional Non-Career/Technical
- ○ Other

Additional notes about type of school:

If applicable, which grades does this school or building serve? *

- [ ] Pre-k
- [ ] Kindergarten

If you have selected Comprehensive Building Assessment (CBA), Focused Study, Green School Works Renewables, or Green School Works Ground Source Heat Pump Feasibility, you must fill out one enrollment

form per building.

Does the school occupy the entirety of the building that it is located in? *

- ○ Yes
- ○ No
- ○ Unsure

Who owns the building that the school is located in? *

If applicable, when does the lease or ground lease end? Are there any special provisions in the lease or ground lease relevant to capital investments? *

Is this building currently under construction or about to start construction? *

- ○ Yes, we are starting construction soon.
- ○ Yes, It is currently under construction.
- ○ No
- ○ Unsure

What entity has responsibility for maintaining and making capital improvements to the building? *

Please describe the timeline for construction. *

What year of DESE data was referenced for the above? *

Please Select

What is the low-income percentage of student enrollment for this school building? (Refer to Section 3.2 of the Program Manual) *

Will this building remain in use as a public-school building, serving public school students, for at least 20 years? *

- ○ Yes
- ○ No
- ○ Unsure

What is the DESE school code associated with the building? *

Project Site Details - Building 2

Does the school meet MassCEC's eligibility criteria for percentage of low-income students served? (Refer to Section 3.1 of the Program Manual) *

- ○ Yes
- ○ No
- ○ Unsure

Program Requirements

Have you reviewed the Program Manual, including the eligibility requirements for the program (see Section 3.1)? *

- Yes

Do you attest that you meet the eligibility requirements for program participation? If you're not sure whether you meet the eligibility requirements, please provide a brief explanation below. *

- Yes
- No
- Other

Have you reviewed the Program Manual, including the participation requirements for the program (see Section 5.1)? *

- Yes

Before completing this section, please review the Program Manual.

Have you reviewed the Program Manual, including the participation steps in the program (see Section 5.2)? *

- Yes

To complete your enrollment form, please download and sign the Green School Works: Technical Assistance Services Participant Agreement form and upload the file below.
If you are not able to upload the file here, please email it to greenschools@masscec.com. **Enrollment forms will not be considered complete without a signed Participant Agreement form.**

What are your goals for this technical assistance request? *

How did you hear about the program? Check all that apply. *
